Design a Professional Teaching Portfolio and discover ways to develop and create essential marketing materials to most effectively prepare for the 21st century interview process. E-Portfolio, strategies and handouts shared.

All Audiences

One Place Perspective

Amanda Intilli, Taylor Hughes

3:00 – 3:50 pm Atlantic 3

Need a fresh idea for teaching one-point perspective? This presentation introduces a lesson inspired by Terrance Osborne, an exciting New Orleans artist that explores place, color, and emotion in art!

Secondary

The Curators Club: A Successful Afterschool Art Program

Alexandra Barilotti

3:00 – 3:50 pm Atlantic 4

This presentation will demonstrate cohesive steps needed to establish an afterschool art program that engages students on the process of artmaking and exhibitions. Ideas on community sponsors and fundraising will be provided.

Elementary

Art ala Cart

Karen Blenner

3:00 – 3:50 pm Atlantic 5

Teaching Art from a Cart is always a challenge. We would all love a classroom but when it doesn't happen we need to adapt. Let's get together to discuss the Pros of the cart. We'll discuss the cart, setting it up, and the importance of being organized.

Elementary

Integrating STEM with Art, STEAM

George Mellors, Pre-Engineering Instructor, Somerville High School, with Lisa Conklin

4:00 – 4:50 pm Atlantic 4

Collaboration between engineering and art - what could be better! High School Art students will be able to collaborate with engineering students on a STEAM project. Here engineering and art students will role-play as designers and problem solve to achieve a product, providing assessment along the way to completion. This process can also be applied to middle school students. This is a great way for students and teachers to collaborate AND infuse S.T.E.A.M. into the curriculum. George Mellors is a Pre-Engineering Instructor at Somerville HS.

Secondary

Fundraising with STEAM! – Strategies, Partnerships and Possibilities for Funding the Arts

Drew Giddings

4:00 – 4:50 pm Atlantic 5

Asking for money is something most people don't want to do. This high-energy workshop will ignite & inspire you about fundraising and the role it plays in your work. You will learn concrete tools & techniques on how to fundraise through grants, government contracts, corporate sponsorship & giving, as well as how to raise money from individual donors. We'll even provide you with a sample list of upcoming funding opportunities and prospective partnerships! It is possible to fundraise with ease & joy, and this workshop will show you how!

All Audiences

Writing in the Art Room

Trevor Bryan

5:00 – 5:50 pm Atlantic 4

This presentation will discuss simple ways art teachers can incorporate writing into their art classes while still providing authentic & meaningful experiences viewing art.

All Audiences

2015-2016 SGOs and Assessment of Student Learning

Kim Defibaugh

5:00-5:50 pm Atlantic 5

This presentation will introduce the variety of SGO forms available and review how to develop assessments and rubrics that will reveal the extent of student learning in art classes. Bring your own lesson plan to work on. If you're a student, new teacher, or would like to brush up on SGO's, consider joining us!

Junk Puppets

Larissa Danowitz

5:00 – 5:50 pm Promenade 1-2

Teach students to upcycle by making their own puppets out of recycled materials. This cross-curricular, cooperative learning lesson will reach all learners and only requires creativity, junk, and a little elbow grease. Appropriate for all levels.
